

Protective Exam SCREEN

SAFE TREATMENT FOR INFECTION CONTROL

LogiQuip® Protective Exam Screen and Accessories allows you to examine, test and treat infectious patients with reduced risk to medical staff by providing a physical barrier.

PROTECTIVE SCREEN

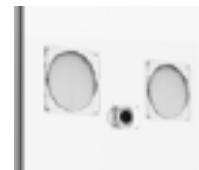

Provides a physical barrier between healthcare professionals and infectious patients during testing and treatment. This protective screen is easy to clean, mobile and folds for compact storage.

TRANSPORT SWAB PORT

Easily pack and seal transport swabs by passing through the swab port without making physical contact.
